**Ballot Measure No. 3**  
**Bill Providing For Public Funding In Campaigns**  
**07CASE**

Ballot Measure No. 3 - 07CASE

This bill creates a voluntary program of public funding for state election campaigns. To qualify, candidates must collect a certain number of signatures and \$5 campaign contributions from voters in the area in which the candidate is running for office. Qualified candidates that agree to limits for campaign fundraising and spending may receive campaign funding from the State of Alaska based on the office sought. A qualified candidate may receive state matching funds if the candidate is opposed by a candidate that does not take part in the program.

**Ballot Measure No. 4**  
**Bill Providing For Regulation Of Water Quality**  
**07WTR3**

Ballot Measure No. 4 - 07WTR3

This bill imposes two water quality standards on new large scale metallic mineral mining operations in Alaska. The first standard does not allow such a mining operation to release into water a toxic pollutant that will adversely affect human health or the life cycle of salmon. The second standard does not allow such a mining operation to store mining wastes and tailings that could release sulfuric acid, other acids, dissolved metals or other toxic pollutants that could adversely affect water that is used by humans or by salmon. The bill defines a large scale metallic mineral mining operation to mean a metallic mineral mining operation that is in excess of 640 acres in size. The bill defines toxic pollutants to include substances that will cause death and disease in humans and fish, and includes a list of substances identified as toxic pollutants under federal law.
